At Orbitkey, we focus on reducing clutter, so you can focus on the more important things in life.

About Orbitkey

Inspired by intentional living and contemporary industrial design, Orbitkey is an organisation brand helping people live better lives through clever and innovative organisation solutions.

Orbitkey was founded in 2013 with a simple idea to solve the frustration of noisy pockets, cluttered bags and messy keys – and with the support of the crowdfunding community, the first Orbitkey Key Organiser was brought to life.

Proudly designed in Melbourne, Australia, the Orbitkey product range has since continued to grow – helping people organise more than just their keys.

Clever Organisation

Our products are designed to organise. Because when life is organised, it's easier and better.

Warranty

Our products are thoroughly tested and designed to last. All products come with a 2-year product guarantee.

Designed in Australia

Our products are proudly designed in our Head Office in Melbourne, and our team comes from all parts of the world (United States, Canada, Ireland, Indonesia, Taiwan, Philippines and of course, Australia).

Premium Quality & Design

We utilise premium materials and precision hardware. Everything is considered right down to the last stitch.

Crowdfunded

We launched through the crowdfunding support of 47,000 backers. All of our products are refined through the feedback of our community.

Award Winning

2021 - Red Dot Design Award

2021 - iF Design Award

2018 - iF Design Award

2017 - Carryology Award

2015 - Good Design Award

The Products

Combining modern industrial design and countless hours of hard work, we create thoughtfully designed accessories to make your day more organised.

Carry Organisation

Key Organiser

Ring

Clip v2

Work Organisation

Nest Desk Mat

ID Card Holder

Slim Case for AirTag

Leather Holder for AirTag

Key Organiser

Transform your keys into a beautiful and silent stack.

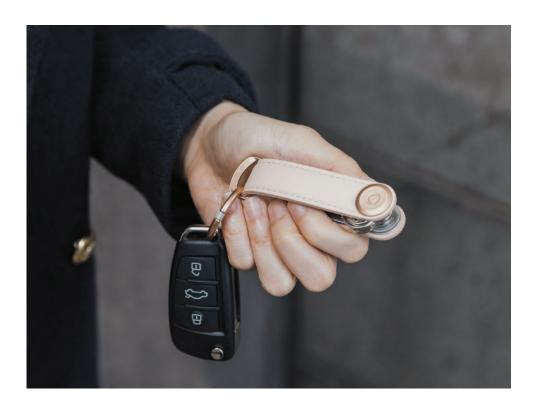

No key jingles.

O2 Protect your precious belongings from key scratches.

O3 Flexible, yet secure mechanism to carry 2 to 7 keys.

O4 Carry your car key with the D-Ring included.

Leather

The Leather Range is a modern classic in our collection of organisational products. Created with a combination of hand-crafted and highly precise automated processes, it's a style that matures with beauty over time.

Crazy Horse Leather

Having a reputation for aging well, Crazy Horse is a highly resilient leather chosen for its durability and unique look. Crazy Horse leather is completely buffed, smoothened, and coated with a special wax which allows it to develop a unique natural patina over time.

Saffiano Leather

The epitome of exceptional functionality and elegance, the Saffiano Range is for the stylish and fashion forward. Saffiano leather is highly durable and resistant to stains, scratches and water - with a special cross-grain texture coated in a clear protective wax finish that gives the Key Organiser a subtle sheen.

Cactus Leather

The Cactus Leather range is a more sustainable approach to our signature Key Organiser. Made from Desserto® Cactus Leather - an innovative plant-based, vegan-friendly material that is strong, durable, water-resistant, yet soft to touch. Presented in kraft paper packaging which is eco-friendly and 100% recyclable.

11

Active

From your everyday commute to evening drinks with friends, the Active Range is for the lovers of adventure. Made from TPU polymer, it's slim and strong, yet surprisingly soft. Made to be carried with you anywhere.

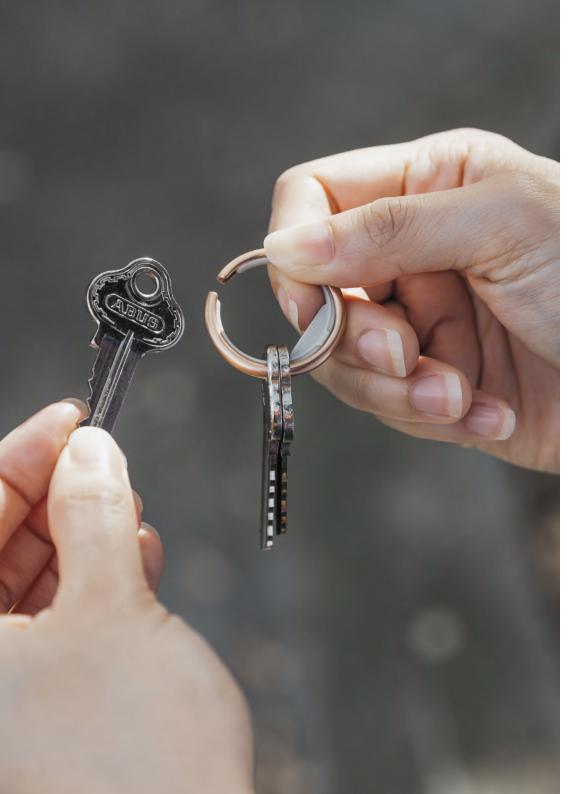

Accessories

Available range

We have thoughtfully designed our line of accessories to be extremely slim so they take up less room in your pocket.

Ring

An easy-to-use keyring. Designed to make attaching and detaching keys effortless.

O1 Attach and detach your keys, effortlessly.

02 No more broken fingernails.

O3 Fits most keys and accessories.

O4 Slim and durable.

The high strength stainless steel enclosure combined with the flexibility of a polymer core works beautifully to create the perfect balance of style, function, and durability.

Orbitkey x Chipolo Tracker

Our Bluetooth enabled tracker allows you to locate your keys and belongings with ease. Fit it inside your Key Organiser, keyring or attach it to your bag and anything you don't want to lose with the included tassel.

O1 Track your belongings.

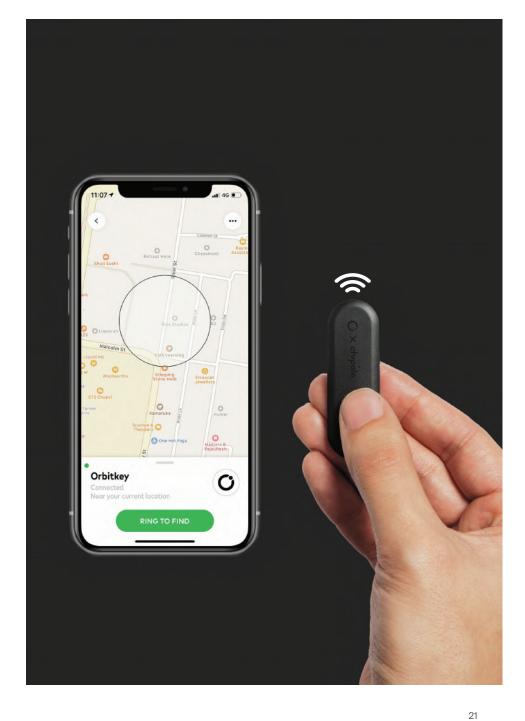

Remote camera button.

O3 Slim and small profile.

With a simple touch of a button, you can now track your keys, bags, and anything else you don't want to lose. No more time wasted rummaging around when you're in a rush.

Clip v2

An elegant and innovative clip designed to give you quick and easy access to your keys.

New and improved carabiner design.

O3 Secure magnetic Fidlock® quick release system.

04 Easy-to-use open D-ring.

Developed with Carryology.

O1 The quickest and easiest way to access your keys.

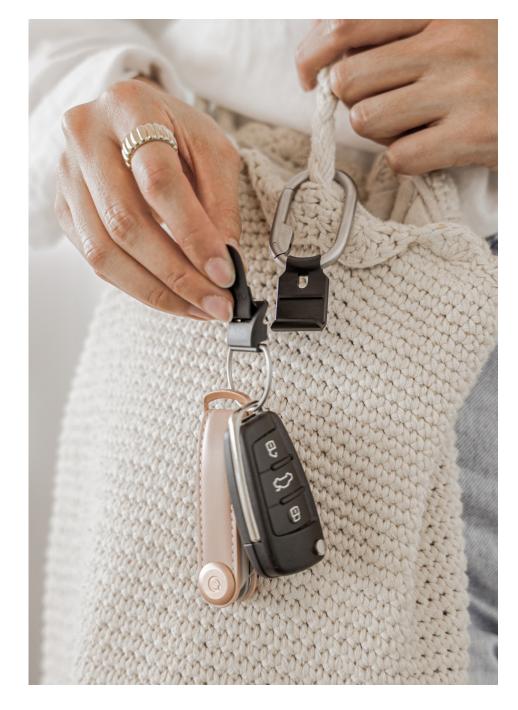

Silver All Black

A secure magnetic quick release system provides convenient access to your keys without needing to unclip the carabiner. The new and improved carabiner also boasts a wide gate opening to easily clip on to belt loops and bags.

Clip Add-On

Clip your keys or belongings anywhere securely with this elegantly designed Clip.

The Orbitkey Clip Add-On is a simple and elegant carry solution for keys and other belongings. A wide gate opening allows the carabiner to be easily clipped on to belt loops, bag handles or straps, and just about anywhere you please.

Available colours

Silver

Black

- Clip on to belt loops and bags.
- New and improved carabiner design.
- O3 Streamlined design for comfort.
- Wide gate opening.
- Durable all-metal construction.

Slim Case for AirTag

A minimal and compact way to carry your AirTag.

O1 Slim snap case securely holds your AirTag.

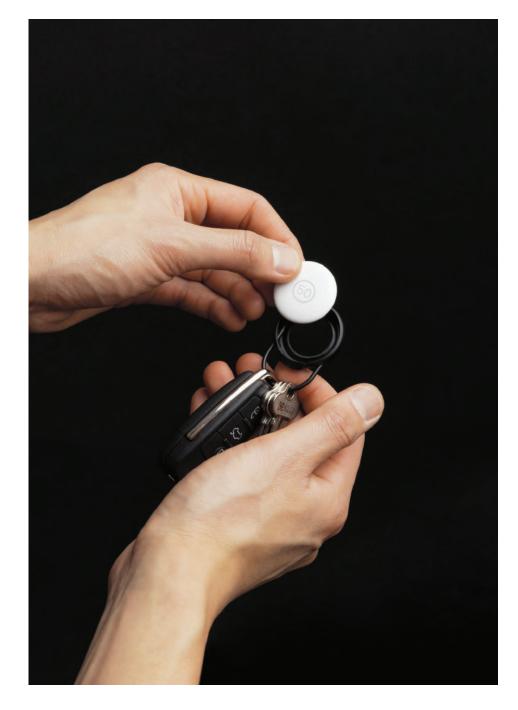

Easily attach to keys or anything you want to track with the open key ring.

Minimal design that can showcase any personalised engraving.

The Slim Case for AirTag has been designed with a small form factor, so you can easily attach your AirTag without adding excess bulk. An innovative open key ring allows you to easily attach (or detach) keys, or loop through anything you want to track. Snap in your AirTag to secure, and you're good to go!

Leather Holder for AirTag

An elegant and easy-to-use leather keychain for AirTag.

Premium leather sleeve securely holds your AirTag.

Easily attach to keys or anything you want to track with the patent pending quick release key ring.

ORANGE OF CONTROL OF C

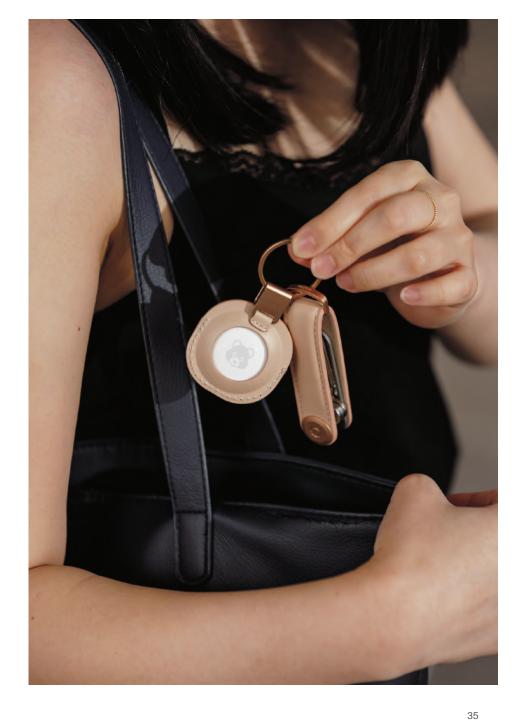

Black

Espresso

Blush

The Leather Holder for AirTag is a minimal and innovative keychain crafted from premium, sustainably sourced, Leather Working Group-certified leather, moulded to securely hold your AirTag. It can be inserted either way into the leather sleeve, so you can choose which side you want to display.

Collaborations

With an ongoing focus to create unique products where form and function co-exist, we've been honoured with the opportunity to partner up with some of the best brands around the world.

Nest

A home for all your everyday essentials,
Orbitkey Nest is a portable and customisable
desk organiser with an in-built wireless
charger – helping you declutter and stay
organised, wherever you are.

10W wireless charging pad to keep your devices charged.

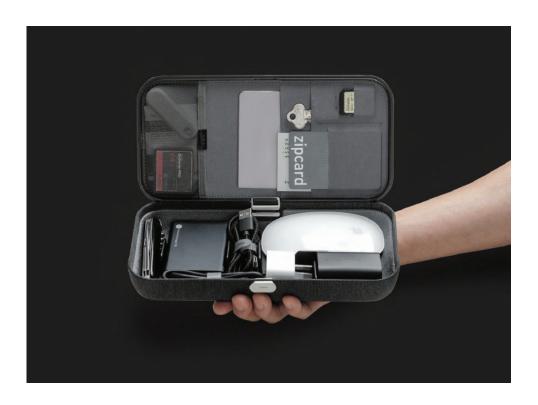

O2 Customise storage with movable dividers.

O3 Single layer organisation to help you easily locate items.

O4 Dual access modes – stationed or on the go.

 05 Unique dual-function hinge doubles as a pen loop.

Dedicated storage for cards and loose items.

Orbitkey Nest helps you organise all your daily essentials in one place — functioning as a valet tray, wireless charger and storage space all in one beautifully designed package. With a unique dual-function hinge, you can choose to separate the top tray from the internal storage to easily retrieve items while you work at your desk, or simply flip the lid open like a book to access your essentials on the go.

Desk Mat

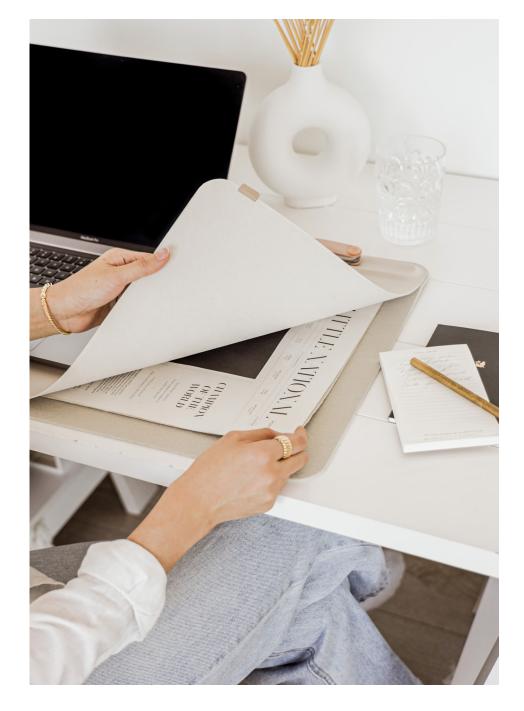

A clever desk mat with built-in organisational features – helping you optimise your workspace so you can stay productive and do your best work everyday.

- Transform your workspace.
- O2 Document hideaway to store loose papers and notes.
- 03 Magnetic cable holder keeps cables in place.
- Toolbar to keep stationery and work essentials organised.
- Made from premium vegan leather and 100% recycled PET felt.
- Of Available in 2 sizes: Medium (680 x 370 mm / 26.7 x 14.5 inches) and Large (890 x 420 mm / 35 x 16.5 inches).

The Orbitkey Desk Mat creates visual structure in your work area, helping you organise your work tools in a defined space. Additional organisational features – including the document hideaway, toolbar and magnetic cable holder – give all your work essentials a home, so they are out of the way but always readily accessible. The Orbitkey Desk Mat will help you keep your desk tidy throughout the day – so you're always organised and ready for the next.

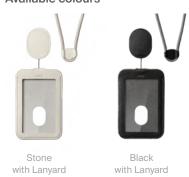

ID Card Holder

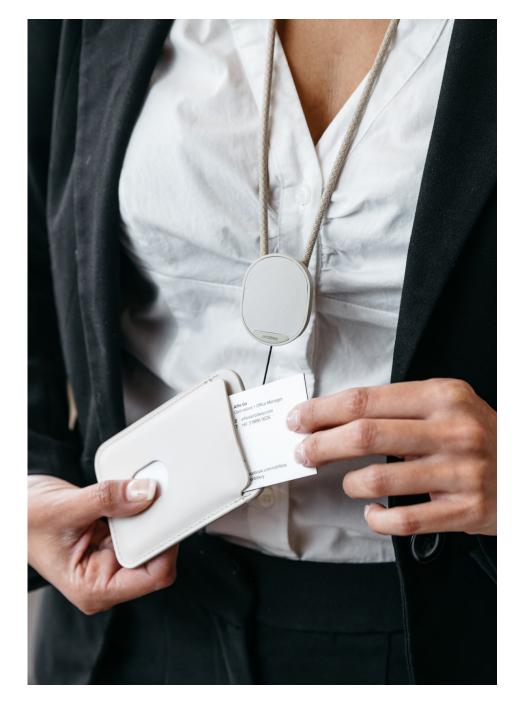

A durable and sleek card carry solution to help you move effortlessly through your day.

- Easily scan your ID, access or public transport card.
- Built-in privacy feature to hide your personal details.
- Additional card storage for a business or coffee card.
- Durable and silent custom-made retractor conveniently clips onto your belt, bag or skirt.
- Optional detachable woven lanyard with a safety breakaway release.
- Of Crafted from premium materials, including LWG-certified top grain leather and 100% recycled woven polyester.

Meet our durable and elegantly designed ID Card Holder that will help you carry with confidence. Made with high-quality materials, so you can feel proud, professional and confident with a card holder that you can rely on, day after day.

ID Card Holder Pro

In addition to all the benefits of the regular ID Card Holder, the Pro model has exclusive features that will enhance your day-to-day interactions.

Exclusive Pro Model Features

- Additional card storage and RFID protection for 2 cards, plus hidden storage for small items.
- Interference-free scanning ability to scan your primary access card while carrying multiple RFID cards.
- O3 Supports cards in both portrait and landscape orientations.

Climate Neutral Certified

We're offsetting our carbon footprint

Here at Orbitkey, we've been taking scalable steps to permanently reduce our carbon emissions, and we're proud to announce that we are Climate Neutral Certified.

What does it mean to be Climate Neutral Certified?

Climate Neutral is an independent non-profit organisation that provides tools for companies to:

Measure their carbon footprint through economic modeling;

Reduce their emissions by developing and implementing carbon reduction plans;

Offset their emissions if they cannot be immediately reduced by purchasing carbon credits; and

Use the *label* to empower customers to choose brands that choose to pay for their carbon emissions.

Carbon credits are in turn invested into reducing and capturing carbon dioxide, and can support a range of projects such as forest conservation and renewable energy.

What we're committed to do

In 2021, we will ensure that 100% of our new products will be made from LWG certified leather and recycled fabric materials. Likewise, 80% of our packaging will be produced from recyclable materials. We will also reduce our air freight shipments company-wide by 40%, and at our headquarters in Melbourne, we will reduce our paper and toner emissions by 60%. But we know that this is only the beginning, and we will continue to improve our processes and further reduce our emissions every year.

Orbitkey Helping Hands

In response to the COVID-19 pandemic, we designed a range of Sanitiser Holders and launched the Orbitkey Helping Hands initiative to help alleviate the crisis.

As there was increasing importance placed on personal hygiene and handwashing to stop the spread of the virus, we recognised the need for a safer and convenient way for people to clean their hands when water and soap were not readily available.

We designed Sanitiser Holders in 3 different styles – Lanyard, Retractor and Clip – to help people keep hand sanitiser close and easily accessible, so that they could clean their hands frequently and conveniently.

As part of the Orbitkey Helping Hands initiative, we donated over 500 Retractable Sanitiser Holders to essential workers across Australia, New Zealand and the United States. Additionally, all proceeds from the sale of Sanitiser Holders were donated to charities and organisations providing aid to those affected by the pandemic in one way or another.

Retailer Spotlight

In 2014, our products hit the shelves for the first time in our home country, Australia. 8 years on, we are proud to be represented by select 1,200 stores across 43 countries – ranging from boutique gift and homeware stores to large department stores.

Here is a quick snapshot of some of our retail partners, including Make Designed Objects in Melbourne – the very first and longest store we have worked with.

Visual Merchandising

With a variety of display stands and flexible merchandising options, it's easy to create beautiful and informative touchpoints for your customers in any store or retail space.

Versatile Packaging

Thoughtful packaging designed to look great in any environment and make gifting easier. An elegant gift that is great to give and receive.

Our Approach

We are not here to create the biggest range of products that need replacing every season. Our focus is on creating less but better, long-lasting products.

Proudly designed in Australia.

The Makers

Our manufacturing partners have been carefully assessed and hand-picked based on their unique capabilities.

We believe in the approach of staying close to the action – from the beginning where the pen hits the paper, to the moment the product comes off the assembly line. Every component goes through strict and precise quality inspection processes before being packaged and shipped to you.

Thank You.

Thank you for taking the time to browse through our catalogue. If you are interested in learning more about our range, please let us know at sales@orbitkey.com.

We look forward to having you on board!
